About CPS Energy

CPS Energy is the nation’s largest municipally owned energy utility providing both natural gas and electric service. We serve more than 786,000 electric customers and 339,000 natural gas customers in and around San Antonio, the nation’s seventh largest city.

Products Transported and Counties Involved

Product	Description	Health and Fire Hazards	Counties Involved
Natural Gas	Leak: Gas Vapor: Lighter than air and will generally rise and dissipate. May gather in a confined space and travel to a source of ignition.	Health: Will be easily ignited by heat, sparks or flames and will form explosive mixtures with air. Vapors may cause dizziness or asphyxiation without warning and may be toxic if inhaled at high concentrations. Contact with gas or liquefied gas may cause burns, severe injury and/or frostbite.
