### About Kinder Morgan

Kinder Morgan CO2owns WINK Pipeline. The 450-mile Texas intrastate crude oil pipeline system consists of three mainline sections, two gathering systems and numerous truck delivery stations. The pipeline allows Kinder Morgan CO2 to better manage crude oil deliveries from its oil field interests in West Texas. Kinder Morgan CO2 has entered into a long-term throughput agreement to transport crude oil from the SACROC unit in Scurry County, Texas to a refinery in El Paso, TX. The WINK Pipeline delivers approximately 450,000 barrels of oil per day.S

### Products Transported and Counties Involved

| Product   | Description   | Health and Fire Hazards  | Counties Involved   |
|-----------|---|--|---|
| Crude Oil | <p><b>Leak:</b> Liquid</p> <p><b>Vapor:</b> Heavier than air. Can be flammable. Dark brown spots on the ground, dead vegetation or an oily sheen on top of the ground or floating on the surface of a body of water may indicate the presence of a leak in a crude oil pipeline system.</p> | <p><b>Health:</b> Irritation of the eyes and skin may occur with exposure. Vapors may cause central nervous system effects.</p> <p><b>Fire:</b> Crude oil is an extremely flammable liquid or vapor that is heavier than air. May accumulate in low areas and may travel considerable distances to an ignition source.</p> | El Paso, Hudspeth, Culberson, Reeves, Winkler, Ector, Andrews, Martin, Howard, Borden, Scurry, Ward, Crane, Upton |

**EMERGENCY NUMBER(S): 877-390-8640**

### About Kinder Morgan

Kinder Morgan CO2 transports approximately 1.3 billion cubic feet per day of CO2 to eastern New Mexico, West Texas and Southwest Utah. The primary market for transportation on our CO2 pipelines is to customers, including ourselves, using CO2 for enhanced oil recovery (EOR) in mature oilfields. The Cortez Pipeline is our largest CO2 pipeline, stretching 500 miles from Southwest Colorado to Denver City, Texas, and capable of transporting 1.5 billion cubic feet per day.

### Products Transported and Counties Involved

| Product | Description   | Health and Fire Hazards  | Counties Involved  |
|---------|---|--|--|
| CO2     | <b>Leak:</b> Liquid<br><b>Vapor:</b> Carbon dioxide is 1.5 times heavier than air and will not readily disperse in the atmosphere | <b>Health:</b> Vapors may cause dizziness or asphyxiation without warning and may be toxic if inhaled at high concentrations. Contact with gas or liquefied gas may cause burns, severe injury and/or frostbite. | Haskell, King, Upton, Crane, Midland, Glasscock, Howard, Mitchell, Scurry, Borden, Dawson, Ward, Ector, Loving, Reeves, Gaines, Yoakum, Fischer, Stonewall, Crockett, Pecos, Andrews |
